Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 14 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy and mild.

Today:
Mostly cloudy this morning with patchy drizzle and some fog, which will be slow to clear. Largely dry into the afternoon with one or two brighter breaks developing. Feeling mild, with a gentle breeze. Maximum temperature 13 deg C (55 deg F).

Tonight:
Staying largely dry overnight but with a mixture of cloud and clear intervals. The risk of local fog and frost developing under the latter. Minimum temperature 2 deg C (36 deg F).

Wednesday:
Any fog again slowly clearing on Wednesday. A dry day thereafter with brighter intervals developing to the north, but potentially staying cloudier further south. Maximum temperature 11 deg C (52 deg F).

Outlook for Thursday to Saturday:
Largely settled through the week, but on the cloudy side with limited bright spells in the afternoon and patchy drizzle at times. A risk of morning fog under cloud breaks.
